Announcement

We would like to hold **the 2017 International Capstone Design Project Camp** in Yeungnam University Hub Center for Engineering Education.

The "2017 International Capstone Design Project Camp," the theme of this year is to design, build and test of autonomous electric vehicles, is scheduled to experience and participate in the "2017 BAJA SAE KOREA at Yeungnam University," which is organized at a similar period($13^{th} \sim 15^{th}$ July) to introduce the design and production of personally developed Baja vehicles. And furthermore, ICDP in YU has a new plan to make an autonomous electric vehicle using Arduino microprocessor Board and Lidar sensors.

The objectives of "International Capstone Design Project Camp"

For students who are participating in the cooperative engineering design camp,

- 1) to promote teamwork among international students
- 2) to improve communications skills among international students (English will be the Official Language)
- 3) to enhance problem solving capabilities on complex real engineering problems
- 4) to enhance multidisciplinary design, design thinking and making capability

Details of "2016 International Capstone Design Project Camp"

- 1) Date: Jul. 11th (Mon.) ~ Jul. 16th(Sat.), 2016
- 2) Place: Yeungnam University campus
- 3) Auspice: Yeungnam University Hub Center for Engineering Education
- 4) Manage: Yeungnam University Hub Center for Engineering Education,

(Kyungil University, Keimyung University, Daegu University, Yeungnam University, Hongik University-Sejong) Innovation Center for Engineering Education

- 5) Supported by: Ministry of Education, Korea Institute for Advancement of Technology
- 6) Participants: 62 students, 4 electric vehicle, 6 autonomous driving model car multidisciplinary teams
 - Domestic Universities : 44
 - Overseas universities: 18~

Details of "2017 International Capstone Design Project Camp"

1) Date: Jul. 10th (Mon.) ~ Jul. 15th(Sat.), 2017

- 2) Place: Yeungnam University campus
- 3) Auspice: Yeungnam University Hub Center for Engineering Education
- 4) Manage: Yeungnam University Hub Center for Engineering Education,
- (Kyungil University, Kumoh National University, Andong National University, Yeungnam University, Halla
- University, Hongik University-Sejong) Innovation Center for Engineering Education
- 5) Supported by: Ministry of Trade, Industry & Energy, Korea Institute for Advancement of Technology
- 6) Participants: about 60 students, 4 international mixed teams (Students work in teams of 15 members)
 - Domestic Universities : 40

Yeungnam University Hub Center for Engineering Education

2017 International Capstone Design Project Camp

- International Universities: 20 (SCUT, SIT, KIT, YNU, RMUTT, SP: 3 or more students from

- each University)
- \cdot South China University of Technology, China
- \cdot Sibaura Institute of Technology, Japan
- \cdot Kanazawa Institute of Technology, Japan
- \cdot Yokohama National University, Japan
- · Rajamangala University of Technology Thanyaburi, Thailand
- · Singapore Polytechnic, NUS
